DirectPay Features

- | | |
|--|---|
| • Zero Down Payment | No need to collect any money down. Just enter the payment type and details and your client is ready to go. |
| • Mobile Web Application | Access detailed account information, make payments online and much more...all from your mobile device. |
| • Commission Can Be Directly Deposited | Avoid paper checks and elect to have your commissions electronically deposited, directly into your account. |
| • Online Credit Card & ACH Payments | Make online payments over the web at any time. |
| • Welcome Email for Insureds | An instructional email is delivered to each insured. It includes credentials for them to manage their account. |
| • Email Delivery of Notices & Letters | No more paper! Any and all notices can be delivered via email to one or more recipients or groups. |
| • View, Print & Have Reports Delivered | Producers can view and print their own reports whenever they need them, and have them delivered to their inbox. |
| • Online Account & Document Detail | Summary detail is available for insureds and account information can be viewed by producers. |
| • Manage Passwords | Manage and change passwords at anytime. |
| • Toll Free Customer Care Line | A dedicated and professional staff is available to help with any billing-related questions or concerns. |
